

ISO 14001 Environmental Policy Statement

1. General statement

DMN is a professional and environmentally conscious company operating in the vehicle logistics, and fleet services sector. We acknowledge that our operations may have impacts on the environment.

2. Aims and objectives

At DMN we fully commit to:

- protect the environment.
- implement and maintain an Environmental Management System that complies with ISO 14001: 2015
- determine legal compliance obligations and ensure operations are completed in accordance with them through ongoing evaluations and management reviews.
- continually improve our environmental management system to enhance environmental performance through objectives and targets and review them during our management reviews.
- allocate suitable and sufficient resources which enable us to achieve our environmental aims and objectives.
- correct any non-conformities in a timely manner.
- prevent pollution, reduce waste, and ensure that, wherever practical, measures are implemented to protect and preserve natural habitats, flora, fauna, and biodiversity.
- consider the effects that our operations may have on the local community.
- take action to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts identified in our aspects register.
- promote environmental awareness amongst our suppliers, contractors, and partners by implementing operational procedures, processes, and best practices.
- complete internal audits and follow a path of continual improvement.
- ensure that directors and management are fully engaged in the management of environmental issues.
- work in partnership with the community by behaving in a considerate and socially responsible manner.
- ensure effective and expedient incident control, investigation, and reporting.
- assess and, where practicable, reduce the environmental impact of our services.

Directors, management, and supervisory staff have responsibilities for the implementation of the policy. They must ensure that environmental issues are given adequate consideration in the planning and day-to-day supervision of all work. All employees and subcontractors are expected to cooperate and assist in the implementation of this policy whilst ensuring that their work, so far as reasonably practicable, is carried out without risk to themselves, others or the environment. This includes cooperating with management on any environment-related matter. The Directors have overall responsibility and accountability for environmental matters.
